*Life-long learner and Education graduate who currently has her sights set on a full-time web development position. Experienced in HTML5, CSS3, Javascript, JQuery, Bootstrap, React JS, Firebase, Node Js, MySQL, MongoDB, Express, & Handlebars JS. Additionally, knowledgeable in Anthropology and Education.*

## Education

### University of Central Florida(UCF), Orlando, FL

August 2017- February 2018

*UCF Coding Bootcamp-Javascript Full Stack Web Development*

An intensive 24-week long boot camp dedicated to designing and building web applications. Skills learned consisted of HTML5, CSS3, Javascript, JQuery, Bootstrap, Firebase, Node Js, MySQL, MongoDB, Express, Handlebars JS, & React Js.

### Wheeling Jesuit University, Wheeling, WV

Dec 2007

#### B.S. Education and Special Education

- Credentials: Special Education (K-8) and Elementary Education (K-6)

### Radford University, Radford, VA

- B.S. Anthropology with a minor in Sociology

## Web Design Projects

### Business Generator

- Gives users business ideas to start based on their interests, skills, and assets
  - Technologies used included CSS3, HAML, Ruby on Rails
  - Built with one other developer
  - Freelance
- (This app is private however, I'd be happy to tell you about it)

### eWalk.io

- An application where hotel staff can search for vacant rooms in other hotels when they overbooked theirs. This saves time because users simply need to log on and search for all available rooms at one time. Then, they are able to book the room online. In contrast, if they have to fill a room, they can easily post the room to the site and make it available to nearby hotels.
- Built with 2 other developers
- Technologies used were Node.js, MySQL, Sequelize, Passport.js, Materialize, and Postman
- <https://fast-wildwood-25635.herokuapp.com/>

## **Relevant Experience**

**Lost Lake Elementary School, Blessed Sacrament School, Twinfield Elementary School, Rumney Memorial School**

2006-2017
